NOTICE TO UNITHOLDERS ON CHANGES IN PROSPECTUS AND MANAGEMENT COMPANY

Dear unit holder,

Core Ny Teknik ("The fund") is an UCITS equity fund investing in technology, healthcare and digital brands. It is a fund for those who believe in innovative small caps in the Nordics. The Portfolio Managers of the fund are Carl Armfelt and Erik Sprinchorn.

The Fund Management Company for Core Ny Teknik has been Wahlstedt & Partners AB ("W&P") since the inception of the fund. The board of W&P have now decided to assign the management to the Fund Company: Teknik Innovation Norden Fonder AB ("TIN Fonder"). The Transmission, which is approved by the Swedish Financial Authority (Finansinspektionen), will take place on the 20th of January 2020.

Hence the transmission of the Fund, paragraph 2 in the Prospectus of the fund will be changed. TIN Fonder will be assigned as Management Company of the fund instead of W&P. No other changes in the Prospectus will be made. The new Prospectus can be sent upon request from TIN Fonder.

The changes in the Prospectus and the transmission of the fund does not implicate any difference for the unitholders. There will be neither be any changes in the fund's strategy or the portfolio management of the fund. The management fee will stay intact.

TIN Fonder does not need you as a unitholder to take any measures in order to keep your units. You will also be able to buy and sell the units in the same way as before after the transmission of the fund. If you want to sell your units before the transmission, we will need your sell order before the 17th of January 2020. The redemption will be without any charge other than those to meet divestment costs, if any.

For more information or if you have any questions, please contact W&P or TIN Fonder. Contact details can be found below.

Thank you for choosing to invest in Core Ny Teknik!

Best Regards,

Malin Houles
