On 22 November 2024, the Board of Directors of S-Bank Fund Management Ltd additionally decided on amendments to the rules of the S-Bank Regenerative Agriculture Non-UCITS Fund. The amendments will enter into force on 2 May 2025.

The amendments are based on the guidelines of the European Securities and Markets Authority (ESMA) regarding the names of funds that use terms related to environmental, social and governance (ESG) or sustainability issues.

The rules of the S-Bank Fossil Free Europe ESG Equity Fund and S-Bank Climate Target World Equity Fund will include a reference to the thresholds and exclusion criteria in accordance with ESMA's guidelines.

As regards, the S-Bank Emerging Markets ESG Equity Fund, S-Bank Corporate Bond ESG Yield Fund and S-Bank High Yield Europe ESG Yield Fund, the term "ESG" will be removed from the fund names. These funds will in future be called S-Bank Emerging Markets Equity Fund, S-Bank Corporate Bond Yield Fund and S-Bank High Yield Europe Yield Fund. In addition, the name of the S-Bank Regenerative Agriculture Non-UCITS Fund will be changed to S-Bank Field Non-UCITS Fund. The names of the above-mentioned funds will be changed as they do not meet the requirements for a minimum percentage of sustainable investments in accordance with ESMA's guidance. The amendments will not affect the funds' investment policy or the funds' sustainability characteristics.

The amendments do not require any action from the unitholders and do not affect the Funds' charges or fees. The Funds' new rules are available on the fund-specific web page at [s-pankki.fi/rahastot](https://s-pankki.fi/rahastot).
