Dear Shareholder,

Schroder International Selection Fund (the "Company") – Global Energy Transition (the "Fund")

We are writing to inform you that on 21 May 2025 (the "Effective Date") the name of the Fund will change from "Global Energy Transition" to "Global Alternative Energy".

Background and rationale

We believe that the new name clarifies that rather than investing in companies that are themselves transitioning to become more sustainable, the Fund selects companies that contribute to the wider global transition towards alternative, lower carbon sources of energy.

The Fund's details and the pre-contractual disclosure in the Company's prospectus will be updated accordingly. There are no other changes to the Fund's investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Fund is being managed following these changes.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

Redeeming or switching your shares to another Schroders fund

We hope that you will choose to remain invested in the Fund following this change, but if you do wish to redeem your holding in the Fund or to switch into another of the Company's sub-funds before the Effective Date you may do so at any time up to and including deal cut-off on 20 May 2025. Please ensure that your redemption or switch instruction reaches HSBC Continental Europe, Luxembourg ("HSBC") before this deadline. HSBC will execute your redemption or switch instructions in accordance with the provisions of the Company's prospectus, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local deal cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach HSBC before the deal cut-off given above.

You can find the Fund's updated key information document (the KID) for the relevant share class and the Company's prospectus at www.schroders.com.
