Motor insurance

Our motor insurance protects you and your vehicle. You can choose between several different policies in the event of road-traffic accidents, fire, theft, engine damage, etc. We can assist you in selecting the right policy for you and your vehicle. This document provides general information only. The complete terms and conditions are available from our website. Call us and we will send them to you.

You can choose between three different policies: compulsory motor Third-party liability, which covers personal injury and damage to other party's property, Third-party, Fire and Theft, which includes motor third-party liability and some vehicle cover, and Comprehensive, which gives you the best protection for your vehicle. To the Comprehensive and Third-party, Fire and Theft policies you can add MER, an optional coverage that gives you access to a rental vehicle if your own vehicle breaks down.

Motor Third-party liability insurance

Third-party liability insurance is compulsory

by law. Third-party liability insurance compensates personal injury and property damage up to SEK 300 M. The insurance is valid in all EU and EES countries as well as in the countries that are members of the Green Card system.

Personal injury cover

According to the Swedish Traffic Damage Act anyone injured in a road-traffic accident has the right to compensation from the third-party liability insurance. The injured person receives compensation regardless of who has caused the accident.

Both driver and passenger have the same right to compensation. It does not matter if

the accident was a single-vehicle collision or involved another vehicle. Injured pedestrians and cyclists as well as owners of damaged vehicles are also entitled to compensation from the vehicle's motor third-party liability insurance.

Property damage cover

If you collide with another vehicle, you are entitled to compensation from the other vehicle's motor third-party liability insurance for damage to objects that you were transporting in your vehicle. But you must be able to prove that the other driver was at fault. If you caused the accident, you cannot claim compensation for the damage to your vehicle or to the objects in your vehicle. However, your Third-party liability insurance pays for damage to the other party's vehicle because third-party liability insurance always covers property damage inflicted by your vehicle. This also applies for damage to property such as fences and lampposts.

Choose the insurance policy that best suits your needs

Combine the various motor insurance covers into a policy that suits you and your vehicle.

Deductibles

- For road traffic damage, the deductible is SEK 1,000 for a private individual, and SEK 3,500 for legal entities.
- If you are 24 years of age or younger, motor Third-party liability insurance carries an extra deductible of SEK 1,000.
- A deductible for criminal damage may also be added in some cases, for example, driving without a licence.

Third-party, Fire and Theft insurance policy

Third-party, Fire and Theft insurance gives you the same cover as the Third-party liability insurance as well as fire, glass and theft damage, assistance and salvage, legal protection, engine damage, all-risks and crisis.

Third-party, Fire and Theft insurance compensates damage to your vehicle and any objects that are considered normal. Such objects include audio systems, child safety seats and extra tyres. In some cases, you may also be entitled to compensation for dismantled vehicle parts and items such as winter tyres. You can also choose MER, an optional coverage that entitles you to a rental vehicle if your own vehicle breaks down.

Third-party, Fire and Theft insurance does not compensate personal belongings or any other property in your vehicle. You can make a claim for these objects on your homeowner insurance. Special terms and conditions, and deductibles may apply for privately imported vehicles. You can find more information under the terms and conditions of your insurance policy.

Who is covered by the insurance?

The insurance only covers your own financial interests in your capacity as legal owner and principal user of the vehicle. This means that you may not be eligible for compensation if your vehicle is registered in another person's name.

Fire

You receive compensation for damage caused by fire, lightning or explosions. You are also entitled to compensation for damage caused by electrical cables after a short circuit.

If you use an engine or vehicle heater, it must be approved by a public authority from an environmental and/or safety aspect, and used according to the manufacturer's instructions. If the conditions are not followed, the compensation for damage can be reduced or lost. The deductible is SEK 1,800.

Glass

You receive compensation for windscreens, side- or backwindow (not headlamps) that have been chipped, cracked or shattered by for example a flying stone. The deductible is SEK 1,500. If you choose to repair instead of changing the windscreen, the deductible is SEK 200. The Glass insurance does not cover glass damage caused by collisions or vandalism, instead you need a comprehensive insurance. With the optional coverage MER you will be compensated for damage from vandalism.

Theft

If your vehicle is broken into or stolen, you can claim compensation. The condition is that the stolen vehicle has not been found within one month from when you lodge a written claim. If your vehicle is found in a damaged state, or if it has been damaged in the course of an attempted theft, you can also claim compensation for the damage. The deductible for theft and attempted theft is SEK 1,800.

The vehicle must be left locked with a steering wheel or gear shift lock, and the keys must be kept in a safe place. Otherwise, the compensation for theft will be reduced by 10%, minimum SEK 6,000.

Important limitations for Theft

There are special compensation and deductible regulations for some property, such as audio systems and communications equipment. The maximum amount of compensation is 1/2 the price base amount and the deductible is 30% of the compensation costs; the minimum basic deductible is SEK 1,800.

The maximum amount of compensation for tyres and wheels is SEK 10,000 if no wheel lock was used (does not apply for vehicle theft). The deductible is SEK 1,800.

No deductible

If the vehicle is stolen when equipped with tracking equipment approved by us, there is no deductible for theft.

Assistance and rescue

If your car breaks down, is stolen or damaged during the journey you will get:

- Towing assistance to the nearest garage. Transport of luggage, attached trailer or caravan is included.

You may also get:

- Repatriation of the vehicle to your hometown, if the above occurs abroad.
- The cost of repatriation or extra travel costs in order to reach the destination for the driver and passengers.

If the driver falls ill or is injured we will pay for repatriation of travelling companions who aren't able to continue the journey.

You will also get assistance if the stop was caused by your losing or damaging the key or locking the key into the vehicle. No compensation is paid if the breakdown is due to the vehicle running out of fuel or if it occurs during a race. The deductible is SEK 1,500.

If you need assistance please call 020-59 00 00, our alarm centre is open 24/7. If you are in need of assistance while travelling abroad, you should call SOS International at +46 8 670 40 00, or your local Läns-försäkringar office.

Legal protection

The vehicle's owner or the person who is driving the vehicle can be compensated for counsel or solicitor fees and court costs. This can include disputes arising in conjunction with collision damage or when buying, selling or repairing the vehicle. The deductible is 20% of the costs and the minimum amount is SEK 1,000. The maximum amount of compensation is SEK 240,000, of which a maximum of SEK 40,000 for investigation and cost of witnesses. You are never entitled to compensation for criminal cases on the grounds of gross negligence, drunken driving and unlawful driving.

Engine damage and Electronics protection

This part of the insurance policy covers for private vehicles that are less than eight years old or have been driven less than 120,000 km. As soon as any of these limitations has been reached, the cover expires. If there is a valid cover for your car you will be compensated for damages that affects the function of the vehicle, for example the engine, starting engine, generator, cooling system and power transmission. With the Electronics protection you are covered for damages to the security system, comfort system and other electronic systems for communication and information.

Damage that occurs during a race is excluded. The deductible is divided into three levels depending on how far the vehicle has travelled. The deductible is SEK 3,000 if the vehicle has been driven up to 60,000 kilometres, SEK 5,000 if the vehicle has been driven up to 100,000 kilometres and SEK 7,000 if the vehicle has been driven more than 100,000 kilometers.

All-risk cover

Cover for cars no more than eight years old. All-risk cover compensates certain sudden and unforeseen damages such as unintentional interior damage. If you fill your vehicle with the wrong kind of fuel we pay up to SEK 6,000 for the damages. The same amount applies for lost or damaged keys. Only one fuel tank cleaning and one lost key per year is covered. The deductible is SEK 1,000.

Important limitations for All-risk cover

The maximum compensation for fixed equipment such as audio systems and communications equipment is 1/2 of the price base amount. This limitation does not apply for factory-assembled original equipment.

Crisis

If you are in a crisis situation following a traffic accident, we will pay for treatment by a psychologist. The insurance covers up to 10 sessions for each insured person.

You can also receive compensation for

How do we calculate compensation for damage

If your vehicle has been damaged, we usually carry out an inspection. If we assess that the damage can be repaired, we decide how it is to be repaired and the repair facility to use. If the damage cannot be repaired, you will be compensated for the fair market value of the vehicle immediately before the accident.

You will be entitled to a new vehicle if the following four conditions are met:

- The vehicle is less than one year old.
- The vehicle has not been driven more than 20,000 kilometres.
- You are the first owner.
- The repairs will cost more than half of the purchase price of the vehicle.

Remember to always save your receipts and any documentation for equipment that you have purchased for the vehicle. If you do not have any receipts, you may not be entitled to any compensation.

legal advice. There is no deductible for this cover.

Comprehensive insurance

Comprehensive insurance gives you all the cover provided by third-party, fire and theft insurance plus insurance against damage to your vehicle. You can also choose to add the optional coverage, MER, which entitles you to a rental vehicle if your own vehicle breaks down.

Vehicle damage

Vehicle damage cover compensates you for damage to your own vehicle in a road-traffic accident, even if you are at fault, for other external accidents and for vandalism. This kind of damage could occur in a collision, a single-vehicle accident or when the vehicle is transported on trains or boats.

If a driving ban has been imposed on the vehicle and not followed, the compensation for damage can be reduced or lost. You cannot claim compensation if the damage has arisen during a race.

Vehicle damage cover offers two different deductibles, SEK 3,000 or SEK 5,000. The higher the deductible the lower the price. If the driver is younger than 24 years of age,

there is an additional deductible of SEK 1,000.

If you are involved in a collision and have Vehicle damage cover, all you need to do is contact us and we will contact the other parties. We do this regardless of who caused the accident.

Vehicle-damage guarantee

Some new private vehicles are sold with a three-year Vehicle damage guarantee, which is largely equivalent to our Vehicle damage cover. When the guarantee expires, the vehicle usually has such a high value that you should take out a comprehensive insurance that includes Vehicle damage cover. We know when the Vehicle damage guarantee expires for most makes of vehicle, and will send the owner a proposal for supplementing the cover when the Vehicle damage guarantee expires. It is important that you keep track of when your guarantee expires so that you are not left without any cover.

Optional coverage MER

This optional coverage is for people who always need access to a vehicle. If your vehicle breaks down or is stolen, the MER coverage pays 75% of the costs for a rental vehicle. You can keep the rental vehicle during a

What affects the price and the deductible?

Every vehicle owner who purchases insurance from us receives the fairest price possible. We take the following factors into account:

- **Make, type and model** – since repairs and other damage costs vary depending on the type of vehicle and model.
- **Age** – our experience shows that young drivers constitute a greater risk, but that risk tends to lessen with age and maturity. The price can therefore depend on how old you are.
- **Where you live** – since the risk for damage varies in different parts of the country. Insurance policies are cheaper in rural areas than cities, for example.
- **How far you drive over one year** – since the more you drive, the greater the risk for damage. And the mileage you give should not be too low because that may reduce your compensation in the event of damage.
- **Changed insurance conditions (increased risk)** – your insurance policy or quotation sets out the information that is used to calculate your price. You must inform us if these circumstances change. If the mileage is too low, you should notify us as soon as possible so that you receive the right amount of damage compensation. Incorrect information can lead to reduced compensation or, in serious cases, you could completely lose your right to any compensation.
- **Deductible** – for each claim, the terms and deductible under each type of insurance (such as fire) applies. You must always comply with the conditions. If not, your deductible may be increased or your compensation for damage reduced.

reasonable repair period, but for a maximum of 45 days. If you do not require a rental vehicle for the entire repair period, you can opt for cash compensation of SEK 100 per day. You can also alternate between cash compensation and a rental vehicle, for example, you can receive cash compensation for five days and then rent a vehicle for the weekend.

Damage caused by collisions with animals

If you collide with an animal or someone vandalises your vehicle, the insurance compensates the damage. The deductible for these incidents is SEK 1,000. This kind of damage is also covered by Comprehensive insurance or Vehicle damage guarantee, but the deductible in both cases will be higher and you will not be entitled to a rental vehicle.

You must have a private vehicle that is at least partially insured by us to take out the MER cover, and the vehicle must be less than 15 years old.

Car insurance during temporary deregistration

This insurance only applies when the vehicle is temporarily deregistered and not in use. The insurance covers Fire, Glass, Theft, All-risks, Legal protection and Vehicle damage. Vehicle damage due to collision is excluded. The deductible is SEK 3,000. Engine damage and electronics protection, Crisis and Assistance and rescue are not included while the vehicle is temporarily deregistered.

Registering a claim

To reduce the insurance companies' costs for compensation based on inaccurate information, insurance companies use an industry-wide claims register (known as GSR). This register contains certain information about claims and details about who has claimed compensation and is used solely in connection with claims adjustment. This means that we can find out if you have previously made any claims with another insurance company.

We may also leave information to Larmtjänst who cooperate with the insurance business in investigations and with the tracing of stolen property. GSR AB, Box 24171, 104 51 Stockholm is responsible for the personal information collected by GSR. Larmtjänst AB, Box 24158, 104 51 Stockholm, is responsible for personal information collected by Larmtjänst.

you can request a review of your claim by the Swedish Road Traffic Injuries Commission (Trafikskadenämnden).

You can also have your case settled in a court of law. Your legal representation costs can usually be reimbursed if you have legal expenses insurance. In this event, you will only have to pay the deductible.
